

August 15, 2013

Dear , Bill

I want to say that Travis and I know there were many challenges on this project. We also want to take a moment and let you know that even though with all of those challenges your Foreman "Jerry worked threw them diligently and professionally with us. JBI and Jerry has been an asset to the project with working through those challenges and keeping pace with the schedule. His Knowledge of Wal-marts was beneficial to the project.

Even though Jerry was pulled and Chris came on Board with pieces to pick up, Chris did an exceptional job juggling the remaining scope of work and the additional work load requested from Wal-Mart's store planning team... I will add "Ron from store Planning has also sent a letter of recognition to me regarding how pleased he was with Chris's performance. Travis and I are pleased with the effort put forth from JBI to get this project done on time.

Travis and I want to thank you for having a successful project and hope that we can see you on another Job with Bast Hatfield.

Sincerely,
BAST HATFIELD CONSTRUCTION, LLC

Gordon Webster
Project Superintendent..
