

**SATTERFIELD & PONTIKES CONSTRUCTION, INC.**

GENERAL CONTRACTORS / CONSTRUCTION MANAGERS

November 4, 2013

Danny Duenes  
JBI Electrical Systems, Inc.  
5631 Stratum Drive  
Fort Worth, TX 76137

**Re: Letter of Recommendation**

To whom it may concern,

Danny Duenes completed the Wal-Mart 3014 store as JBI Electrical's superintendent for Satterfield & Pontikes Construction, Inc. Throughout the process Danny was very detail oriented and job progress driven. There were no times the project was behind on the electrical portion.

During the engineers punch walks Danny had the entire store buttoned up. There were no electrical observations recorded for the store. That is an amazing feat which should not be ignored by anyone especially if you have constructed a Wal-Mart. I would take Danny again on any project as my Electrical Superintendent. If you have the opportunity to work with Danny I encourage you to do it.

Sincerely,

A handwritten signature in black ink, appearing to read 'Brad Nobbe', with a stylized flourish at the end.

Brad Nobbe  
Project Manager
