JBI Electrical Systems  
5631 Stratum Drive  
Fort Worth, Texas 76137

Mr. Jack Martin,

I wanted to let you know how appreciative and thankful Whiting-Turner (specifically myself) is for the hard work and effort Pete D'agostino, Gary Dalrymple and the rest of the JBI crews put in on the recent electrical service re-work at the Ben E. Keith Dallas Branch Office Remodel Project. It was a major task well done!

The Owner is very appreciative of the work JBI put forth in making a smooth power transition with minimal interruptions to the Owner's daily operations. The successful completion of the power transition reflects well on both JBI and Whiting-Turner and can only help lead to future work with this client.

The Whiting-Turner motto is to "delight our customers", and with Pete's/JBI's work we were able to do just that and complete one of the major objectives of this remodel project.

Again, thank you for your team's effort and hard work - I look forward to completing the remainder of the project with Pete as our on-site foreman.

Sincerely,

Matt Forney - Project Manager
